APPENDIX 4

The Board's Remuneration Report 2023 (item 13)

Introduction

This remuneration report describes how the guidelines for executive remuneration of Kinnevik AB, adopted by the 2020 Annual General Meeting, were implemented during 2023. The report also provides information on remuneration paid to Kinnevik's Chief Executive Officer (the "CEO") and Board members (in addition to ordinary Board remuneration, if any), as well as a summary description of Kinnevik's outstanding share incentive plans. The report has been prepared in accordance with the Swedish Companies Act and the Swedish Stock Market Self-Regulation Committee's *Rules on Remuneration of the Board and Executive management and on Incentive Programmes*.

Key developments during 2023

The CEO summarizes Kinnevik's overall performance in his statement on pages 4-5 in the 2023 Annual & Sustainability Report, which can be found on Kinnevik's website at www.kinnevik.com under the heading "Financial Reports" (which can be found under the section "Investor Relations").

Overview of the application of the Remuneration Guidelines during 2023

A prerequisite for the sustainable and successful implementation of Kinnevik's business strategy and safeguarding of its long-term interests is that Kinnevik is able to attract, motivate and retain the best talent in Sweden and globally. To achieve this, it is necessary that Kinnevik offers competitive and cost efficient remuneration packages to create incentives to execute strategic plans, deliver excellent operating results and to ensure financial alignment with Kinnevik's shareholders. The Remuneration Guidelines enable Kinnevik to offer Senior Executives a competitive remuneration package, which together with Kinnevik's long-term share and share-price related incentive plans promote Kinnevik's business strategy and its long-term interests and sustainability.

Under Kinnevik's Remuneration Guidelines, the remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration (a portion of which is conditional upon being invested in Kinnevik shares), pension benefits and other customary benefits. Additionally, the General Meeting may resolve on, among other things, long-term share and share-price related incentive plans.

Both the People & Remuneration Committee's evaluation and the Auditor's review have concluded that Kinnevik has complied with the applicable Remuneration Guidelines in 2023. This conclusion also encompasses the requirement to re-invest a portion of variable cash remuneration in Kinnevik shares until the Senior Executives have a shareholding in Kinnevik corresponding to their fixed annual cash salary, net after taxes, and that no derogations or deviations have been made from the Remuneration Guidelines nor the procedure for implementation of the guidelines during 2023. Subject to restrictions that may apply under law or contract, Kinnevik has the authority to reclaim variable remuneration in whole or in part in the event it was paid on incorrect grounds or based on information that was manifestly misstated. The People & Remuneration Committee has evaluated Kinnevik's performance and the Senior Executives' performance, as well as the Auditor's report, and has concluded that no claw-backs are to be made for 2023.

The People & Remuneration Committee monitors and evaluates programmes for variable remuneration to the CEO as well as for Kinnevik's organization as a whole, both ongoing and those that have ended during the year. The actual and expected outcomes of these remuneration programmes have been reported to the Board and discussed at Board meetings. The People & Remuneration Committee has during 2023 and 2024 also undertaken an in-depth review of Kinnevik's compensation framework and processes. As a result of the review, the Board has made changes to both the proposed 2024 long-term share incentive plan and the Remuneration Guidelines, and also to the total cash remuneration approved for 2024, as further described under "Changes to the compensation framework for 2024" below.

Total remuneration to the CEO during 2023 (excluding share incentive plans) ¹

	Fixed Remuneration		One-Year Variable Remuneration	Extraordinary Items	Pension Expense	Total Remuneration	Portion of Fixed and Variable Remuneration
	Base Salary	Other Benefits					
Georgi Ganev, CEO	SEK 8,928,000	SEK 200,000	SEK 4,393,000	-	SEK 2,669,000	SEK 16,190,000	73% / 27%

Application of performance criteria

The performance criteria for the CEO's variable cash remuneration are determined at the beginning of the year and are tied to specific and measurable objectives and performance metrics. The majority of the targets are directly linked to objectively quantifiable results, whereas a subset of targets requires the Board and its People & Remuneration Committee to make a more qualitative assessment of a wide variety of factors and measurable data in determining whether a specific outcome has reached the level of success required.

To increase alignment between the CEO's incentives and the interests of Kinnevik's shareholders, payment of the variable cash remuneration is conditional upon a portion of it being invested in Kinnevik shares. As the CEO has since 2018 invested SEK 36.7m into Kinnevik Class B shares and other Kinnevik instruments, and has not sold any shares or other Kinnevik instruments, he was not required to re-invest part of his variable cash remuneration into Kinnevik shares in 2023 as his current shareholding in Kinnevik exceeds his fixed annual cash salary, net after taxes. Since 2018, the CEO has acquired 110,656 Kinnevik Class B shares, 137,790 incentive shares as part of the 2021-2023 share incentive plans and 200,000 call options on Kinnevik Class B shares issued by Verdere S.à r.l. in 2018, which expired without being exercised in 2023. During the same period, the CEO has been awarded 214,357 Kinnevik Class B shares through share incentive plans vesting during 2020-2023. Accordingly, per 31 March 2024, the CEO held in total 355,563 Class B shares and 137,790 acquired incentive shares. If the CEO's shareholding would not have met such threshold, he would have been required to re-invest 20 percent of his variable cash remuneration in Kinnevik shares.

Kinnevik's ambition is to be the leading listed European growth investor. At the core of this ambition is Kinnevik's strategy to build and maintain a focused portfolio of growth businesses and to ensure that it remains dynamic, vibrant and able to deliver long-term sustainable returns through actively reallocating capital. The performance criteria for the CEO's variable cash compensation are all set to advance this strategy.

The performance criteria for variable cash compensation to the CEO for 2023 were established by the Board in the first quarter of 2023 and were divided into two categories of objectives:

1. 70 percent of the variable cash compensation was dependent on performance against Kinnevik's corporate objectives, focused on short-term objectives benefitting Kinnevik's long-term strategy (the "Corporate Objectives").
2. 30 percent of the variable cash compensation was dependent on the Board's assessment of Kinnevik's and the CEO's performance in relation to strategic execution, stakeholder management, employee engagement and team development as measured by *inter alia* performance reviews and surveys from Kinnevik's Board, employees, and investee company representatives (the "Overall Performance").

The Corporate Objectives for 2023 were divided into four categories consisting of, *inter alia*, what is outlined below.

	Category	Relative weighting of the performance criteria	Outcome
Georgi Ganev, CEO	Capital Deployment	35%	31.2% SEK 2,785,536 More than 80% of total follow-on investments into business defined as high-conviction businesses, in which Kinnevik invested 2.6x its pro-rata share of funding rounds on average and

¹ The table includes remuneration earned in 2023.

			deployed SEK 1.8bn into secondary opportunities
	Financial Position	14%	8.8% SEK 785,664 SEK 7.9bn in net cash by end of 2023
	Investee Performance	17.5%	13.9% SEK 1,240,992 40% value-weighted average revenue growth in a selection of Kinnevik's largest and most important private investments in line with targets, but value development relative to public comparables materially below targets
	Sustainability	3.5%	2.3% SEK 205,344 14% decrease in GHG emission intensity across the portfolio, 10 pp improvement of the 2023 annual average ESG score across portfolio compared to 2022, 7% of capital invested into new companies invested in female founded or led business on a two-year rolling basis (2022-2023)
	Total outcome before downward adjustment		56.2% / SEK 5,017,536

The objectives for Overall Performance for 2023 included, *inter alia*, what is outlined below.

	Category	Relative weighting of the performance criteria	Outcome
Georgi Ganev, CEO	Strategic Execution	30%	Portfolio concentration in core growth companies expanded from 30 to 41% through strong operational performance and focused capital deployment. Ended the year with SEK 7.9bn in net cash enabling continued strategy execution over the medium-term
	Stakeholder Management		Several successful platform initiatives, overall excellent feedback from portfolio company representatives, founders and co-investors in the CEO's 360 Review, specifically on his capabilities within Leadership and Team & Relationship Building
	Employee Engagement		Average 2023 eNPS score of 36 (48), 2023 Employee Engagement Survey scores improved on three of four focus areas compared to 2022
	Team Development		CEO remains an appreciated and strong leader among all stakeholder groups, continued successful cross-staffing between sectors and offices to optimise deal teams in terms of performance and diversity of thought
	Total outcome before downward adjustment		20.2% / SEK 2,187,360

The evaluation of performance criteria for variable cash compensation to the CEO for 2023 outlined above indicates an award corresponding to 76.4 percent of the CEO's base salary for 2023. However, in line with the applicable Remuneration Guidelines, the People & Remuneration Committee shall ensure that any rewards of variable cash remuneration properly reflect the business performance of Kinnevik. In years of poor performance, actual awards may be lower than what the evaluation of the predetermined criteria suggests. While capital allocation during 2023 was in line with expectations and

likely to generate significant value creation over the longer term, 2023 was yet another challenging year during which Kinnevik experienced weak development in its Net Asset Value and share price. This development was in part due to erroneous expectations on certain larger investee companies' operating performance and capital requirements, and in part due to not sufficiently meeting stakeholder demands for more clear and transparent communication around Kinnevik's private investee companies. Taking this into account, the Board resolved to award the CEO's a variable cash remuneration corresponding to 49 percent of his base salary for 2023, amounting to SEK 4,393,000.

Outstanding and during 2023 ended share incentive plans and the CEO's participation

Over the years, Kinnevik has implemented annually recurring long-term share and share-price related incentive plans for its employees to further align their incentives with the interests of Kinnevik's shareholders. The share incentive plans are resolved upon by the General Meeting and prepared by Kinnevik's People & Remuneration Committee in consultation with major shareholders and external advisors.

In 2018, Kinnevik introduced a new structure for its share incentive plans. Since then, the terms have been in substance the same. Simplifications have been made based on conclusions from monitoring the ongoing plans, and certain adjustments of the performance conditions have been made to reflect Kinnevik's performance, portfolio evolution and growth-focused investment strategy. Since 2021, the CEO and senior members of Kinnevik's investment team have had the opportunity to acquire additional shares in the share incentive plans at fair market value using their own capital (hence at zero cost to Kinnevik), in order to further increase their exposure to the long-term development of Kinnevik and its share price.

During 2023, Kinnevik had six ongoing share incentive plans (2018, 2019, 2020, 2021, 2022 and 2023), out of which one (2018) ended during 2023, and one (2019) ended during April 2024. The share incentive plans are based on a structure where the participants subscribe for or acquire incentive shares that are reclassified to Class B shares depending on performance conditions tied to measures of Kinnevik's value creation. To participate in the share incentive plans, participants must also satisfy certain investment and employment retention criteria. The performance-based conditions of the 2020 share incentive plan are measured over three and five years, and a portion of the incentive shares in the 2020 plan were reclassified during 2023 as a result of Kinnevik's three-year annualized total shareholder return of 15 percent meeting the predefined performance criteria. In total, 52,492 shares of Class C1 2020 and 303,180 incentive shares of Class C2 2020 were reclassified to Kinnevik shares of Class B during 2023.

In February 2018, Kinnevik's largest shareholder Verdere S.à r.l. issued and sold 200,000 call options to the CEO for SEK 5.2m in order to further align his interest with Kinnevik's shareholders. Each option entitled the purchase of one (1) Kinnevik share of Class B at a pre-defined exercise price during a three-month exercise period that ended on 9 May 2023. All options lapsed without being exercised by the CEO as Kinnevik's share price did not exceed the options' exercise price.

In 2023, the CEO received 91,650 Kinnevik Class B shares from the share incentive plan launched in 2020. Based on the volume-weighted average price of Kinnevik's Class B share during March 2023, SEK 149.08, the shares awarded were worth SEK 13,663,182. 30,550 of these shares, worth SEK 4,554,394, were awarded as compensation for paid dividends and other value transfers during 2020-2023. These dividends and other value transfers include i.a. the distributions of Kinnevik's shareholding in Zalando during 2021.

In 2023, the accounting cost recorded for the CEO's participation in outstanding share incentive plans amounted to SEK 6.482m. SEK 3.638m, or 56 percent of this accounting cost, related to in-cash payments to the Swedish Tax Authority pertaining to Kinnevik's subsidization of participation in the 2023 share incentive plan. The remaining SEK 2.844m, or 44 percent, pertained to a portion of the notional fair market values of participation in the 2019-2023 share incentive plans.

The table below sets out an overview of the CEO's participation in outstanding share incentive plans as of 31 December 2023.

Changes to the compensation framework for 2024

The People & Remuneration Committee has during 2023 and 2024 undertaken an in-depth review of Kinnevik's compensation framework and processes. The objective of this in-depth review has been to ensure that remuneration programmes offered are in line with the interests of long-term shareholders while promoting a culture of long-term sustainable value creation, ensuring cost efficiency and enabling Kinnevik to retain the competitiveness of Kinnevik's offering to the best talent in Sweden and globally. As a result of the review, the proposed 2024 long-term share incentive plan is smaller than past years' plans and entails (i) material cuts in allocations to non-Investment Professionals and a continued shift in share of allocations to Kinnevik's Investment Team, (ii) increased performance requirements, (iii) an enhanced skin in the game effect by requiring all participants to personally invest directly into incentive shares and (iv) a reduced maximum monetary outcome.

Further, the Board proposes certain adjustments to the Remuneration Guidelines by emphasizing its responsibility to use the discretion afforded them by shareholders to ensure that any reward of variable cash remuneration to Senior Executives properly reflect and align with the overall financial performance of Kinnevik in any given year. In years of poor overall performance, rewards may be adjusted downwards despite achievement of predetermined criteria. The proposed guidelines also include a clarification that any variable cash remuneration under the guidelines shall exhibit a higher variance between individuals and years relative to what has been the case up until now. Finally, the Board proposes to limit awards of additional variable cash remuneration to the purpose of recruiting and retaining Senior Executives, by removing the possibility of awarding additional variable cash remuneration for exceptional performance beyond the individual's ordinary tasks. Save for said adjustments, no other material changes have been made compared to the Remuneration Guidelines adopted by the 2020 Annual General Meeting as a result of the review.

For the 2024 cash remuneration, the People & Remuneration Committee has resolved on a slight increase in total base salary and a decrease in the maximum share of annual base salary awarded as variable cash remuneration, to compensate for increased inflation rates and the shift in share of allocations under the 2024 long-term share incentive plan to Investment Professionals, resulting in an overall increase in maximum cash compensation of approximately 10 percent in total across the organisation.

APPENDIX 5

Guidelines for remuneration to Senior Executives (item 20)

The Board proposes the following guidelines for remuneration to the Chief Executive Officer and the other persons in the executive management of Kinnevik (the "Senior Executives"), as well as members of the Board to the extent they are remunerated outside their Board duties.

The guidelines shall apply to remuneration agreed, and amendments to remuneration already agreed, after adoption of the guidelines by the 2024 Annual General Meeting. These guidelines will not apply to any remuneration separately decided or approved by the General Meeting, such as ordinary Board remuneration and share-related or share price-related remuneration.

The guidelines' promotion of Kinnevik's business strategy, long-term interests and sustainability

Kinnevik aims to be Europe's leading listed growth investor by:

- investing in businesses that harness the power of technology to address vital everyday needs;
- making the most of our permanent capital – being a bold, stage-agnostic, long-term partner and trusted advisor to talented entrepreneurs;
- focusing on investment themes underpinned by digital disruption, underserved end-consumers, as well as the biggest challenge of our generation, climate change;
- investing in Europe and the US; and
- leveraging our experience, expertise and network to actively support our companies in building long-term sustainable and successful businesses.

For more information regarding Kinnevik's business strategy, please see Kinnevik's website at www.kinnevik.com under the heading "Strategy & Business Model" (which can be found under the section "About us").

A prerequisite for the sustainable and successful implementation of Kinnevik's business strategy and safeguarding of its long-term interests is that Kinnevik is able to attract, motivate and retain the best talent in Sweden and globally. To achieve this, it is necessary that Kinnevik offers competitive and cost efficient remuneration packages to create incentives to execute strategic plans, deliver excellent operating results and to ensure financial alignment with Kinnevik's shareholders. These guidelines for remuneration enable Kinnevik to offer Senior Executives a competitive remuneration package, which together with Kinnevik's long-term incentive plans promote Kinnevik's business strategy and its long-term interests and sustainability. The guidelines aim to ensure that variable compensation correlates entirely with behaviour, actions and outcomes that promote – or has proven to generate – meaningful long-term shareholder value creation whilst achieving sustainability targets that in turn ensure sound and sustainable business practices. Furthermore, the Board shall have the authority, subject to the restrictions that may apply under law or contract, to in whole or in part reclaim variable remuneration paid on incorrect grounds or based on information that was manifestly misstated.

Types of remuneration

The remuneration shall be on market terms and consist of fixed cash salary, variable cash remuneration, pension benefits and other customary benefits. Additionally, the General Meeting may resolve on, among other things, share-related or share price-related remuneration.

The fixed cash salary is reviewed each year and is based on the Senior Executive's importance to Kinnevik's future value creation, competence and areas of responsibility in relation to market benchmarks.

Variable cash remuneration can amount to a maximum of 100 percent of the Senior Executive's fixed annual cash salary. Additional variable cash remuneration may be awarded in particularly extraordinary circumstances, provided that such arrangements are made on an individual basis for the purpose of recruiting or retaining Senior Executives. Such additional remuneration may not exceed an amount corresponding to 100 percent of the Senior Executive's fixed annual cash salary.

Long-term incentive plans are resolved upon by the General Meeting irrespective of these guidelines and shall be structured to ensure that the absolute majority of Senior Executives' remuneration is tied to the long-term development of Kinnevik's shareholder's wealth and to ensure that Senior Executives have a significant amount of their capital tied to the long-term creation of Kinnevik shareholder value. The outcome of long-term incentive plans shall be linked to predetermined and

objective performance criteria, based on Kinnevik's share price and value growth. For more information regarding the long-term incentive plans that are ongoing, or that have ended during the current year, please see Kinnevik's website at www.kinnevik.com under the heading "Remuneration" (which can be found under the section "Governance").

Pension benefits shall be premium defined. Variable cash remuneration shall not qualify for pension benefits. Pension premiums for premium defined pension shall not amount to more than 30 percent of a Senior Executive's fixed annual cash salary.

Other customary benefits may include, for example, life insurance, medical insurance and a company car. Such benefits may not amount to more than 10 percent of the Senior Executive's fixed annual cash salary.

Termination of employment

Upon termination of employment by Kinnevik, notice periods may not exceed 12 months. Fixed cash salary during the notice period and severance pay may not together exceed an amount corresponding to the fixed cash salary for 18 months for the Chief Executive Officer and 12 months for other Senior Executives. When termination is made by the Senior Executive, the notice period may not exceed 12 months for the Chief Executive Officer and six months for other Senior Executives, with no right to severance pay.

Criteria for awarding variable cash remuneration

Variable cash remuneration shall be based on predetermined and measurable financial and non-financial criteria that the Board believes will over time generate long-term shareholder value. The criteria shall encompass both individual and company-level objectives with a positive impact on Kinnevik's long-term total shareholder returns and sustainability targets. In order to further ensure alignment with Kinnevik's shareholders, payment of part of the variable cash remuneration is conditional upon a portion of it being invested into Kinnevik shares, until the Senior Executive has a shareholding in Kinnevik corresponding to his or her fixed annual cash salary, net after taxes.

Relative to what has been awarded under the previous guidelines for remuneration, variable cash remuneration under these guidelines shall exhibit a higher variance between individuals and between years.

The extent to which the criteria for awarding variable cash remuneration have been satisfied shall be evaluated annually. Evaluation of financial criteria shall to the extent possible be based on the financial information made public by Kinnevik. The People & Remuneration Committee is responsible for the evaluation, and the Committee shall have the discretion afforded them by shareholders to ensure that variable cash remuneration commensurately reflects shareholder value creation by making any necessary adjustments to the Senior Executives' actual rewards. This means that in years of poor overall performance, the outcome of variable cash remuneration may be adjusted downwards despite achievement of predetermined criteria.

Salary and employment conditions for employees

In preparation of the Board's proposal for these remuneration guidelines, salary and employment conditions for Kinnevik's employees have been taken into account by including information on the employees' total income, the components of the remuneration and increase and growth rate over time, as the basis for the People & Remuneration Committee's and the Board's decision when evaluating whether the guidelines and the limitations set out herein are reasonable. The development of the remuneration to other employees is disclosed in the remuneration report.

Remuneration to Board directors

Members of Kinnevik's Board elected at General Meetings may in certain cases receive compensation for services performed within their respective areas of expertise, outside of their Board duties in Kinnevik. Compensation for such services shall be paid on market terms and be approved by the Board.

The decision-making process to determine, review and implement the guidelines

The Board has established a People & Remuneration Committee tasked to prepare the Board's resolutions in remuneration-related matters and the Board's proposal for remuneration guidelines for Senior Executives. The People & Remuneration Committee's tasks also include assisting in other matters such as the composition of the Senior Executive team, talent management, diversity and inclusion, and terms of termination of employments. The People & Remuneration Committee also monitors and evaluates the programs for variable remuneration for Senior Executives individually and the full Kinnevik

team organizationally as well as the application of these guidelines and the remuneration structures and levels within Kinnevik in general.

Remuneration under employment subject to other rules than Swedish rules may be duly adjusted to comply with mandatory rules or established local practice, taking into account, to the extent possible, the overall purpose of these guidelines.

The members of the People & Remuneration Committee are independent of the Company and the executive management. Senior Executives do not participate in the Board's deliberations and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

The Board shall prepare a proposal for new guidelines where material changes of the guidelines become necessary, and in any case at least every fourth year and submit it to the General Meeting. The guidelines shall be in force until new guidelines are adopted by the General Meeting.

Derogation from the guidelines

The Board may temporarily resolve to derogate from the guidelines, in whole or in part, if in a specific case there is special cause for the derogation and a derogation is necessary to serve Kinnevik's long-term interests, including its sustainability, or to ensure Kinnevik's financial viability.

Material changes to the guidelines adopted by the 2020 Annual General Meeting

In preparation of the Board's proposal for these remuneration guidelines, the People & Remuneration Committee received feedback from major shareholders. Taking said feedback into account the Committee has during 2023 and 2024 undertaken an in-depth review of Kinnevik's compensation framework and processes. A substantial portion of the outcome of the Committee's review will be reflected in the Board's proposed long-term share incentive plan for 2024. As relates to these guidelines, the review concluded a need to:

- emphasize its responsibility to use the discretion afforded them by shareholders to ensure that any reward of variable cash remuneration to Senior Executives properly reflect and align with the overall financial performance of Kinnevik in any given year;
- clarify that any variable cash remuneration under these guidelines shall exhibit a higher variance between individuals and between years relative to what has been the case up until now, and
- limit additional variable cash remuneration to the purpose of recruiting and retaining Senior Executives, and by that removing the possibility of awarding additional variable cash remuneration for exceptional performance beyond the individual's ordinary tasks.

Save for said adjustments, no other material changes have been made compared to the remuneration guidelines adopted by the 2020 Annual General Meeting.

APPENDIX 6

Such a certificate shall be returned to the Company when the purchase right is exercised. If the Company is dissolved, anyone who possesses such a certificate shall be entitled, within the time period specified in the certificate, to exercise the right to purchase which the certificate refers to before any surplus is distributed to the Company's shareholders.

APPENDIX 7(D)

Reduction of the share capital through redemption of shares (item 22(d))

The Board proposes that the share capital is to be reduced:

- (i) for repayment to the shareholders (the "Repayment") through redemption of a maximum of 276,972,665 Class A redemption shares and Class B redemption shares. The shares to be so redeemed shall be the shares that after the share split in accordance with the Board's proposal under item 22(b) are classified as Class A redemption shares and Class B redemption shares.

The terms of the redemption and the Repayment shall be as follows:

- repayment for each Class A redemption share and Class B redemption share (with exception for Class A redemption shares and Class B redemption shares held in treasury as set out under item (ii) below) shall be made with SEK 23.0 (the "Redemption Amount");
- trading in Class A redemption shares and Class B redemption shares is estimated to take place during the time from and including 11 June 2024 to and including 25 June 2024, based on the estimated record date for the share split; and
- the Board is authorised to set the record date for the right to receive the Redemption Amount, which, at the time of this notice, is estimated to be 27 June 2024. The Redemption Amount is estimated to be distributed on or around 2 July 2024.

The Repayment corresponds to a total Redemption Amount of up to approximately SEK 6,370m. Of the Redemption Amount, SEK 22.95 exceed the quota value for each Class A redemption share and Class B redemption share.

- (ii) for transfer to the company's non-restricted equity (the "Transfer") through cancellation of 4,205,145 redemption incentive shares as well as any Class A redemption shares and Class B redemption shares held in treasury on the record date. As neither the incentive shares nor the shares held in treasury entitle to dividends or other value transfers at the time of the Repayment, no Repayment is made to the holders of such shares. The shares to be so redeemed shall be the shares that after the proposed share split in accordance with the Board's proposal under item 22(b) are classified as redemption incentive shares as well as Class A redemption shares and Class B redemption shares held in treasury by Kinnevik.

Through redemption of shares for the Repayment in accordance with (i) and cancellation of shares for the Transfer in accordance with (ii), the share capital of the company will be reduced by a total of SEK 14,058,890.50 through cancellation of 281,177,810 redemption shares. After the reduction, the share capital of the company will amount to SEK 14,058,890.50, distributed over 281,177,810 shares. The quota value of each share will be SEK 0.05.

APPENDIX 7(E)

Increase of the share capital through a bonus issue without issuance of new shares (item 22(e))

In order to achieve a time efficient share redemption plan that does not require authorisation from the Swedish Companies Registration Office or a court of general jurisdiction, the Board proposes a bonus issue in order to restore the share capital of the company to its original level, SEK 28,117,781, by increasing the share capital of the company with SEK 14,058,890.50 by transferring the corresponding amount to the share capital from the non-restricted equity. No new shares shall be issued in connection with the increase of the share capital through the bonus issue. The quota value of each share will, after the bonus issue, amount to SEK 0.10, i.e. the same as prior to the share redemption plan.

APPENDIX 8(A)

Adoption of the plan (item 23(a))

LTIP 2024 in brief

LTIP 2024 is based on a structure with reclassifiable, sub-ordinated, incentive shares measuring two equally weighted performance conditions relating to total shareholder return ("TSR Incentive Shares") and net asset value development ("NAV Incentive Shares", and jointly with the TSR Incentive Shares, the "Incentive Shares") over a five-year measurement period. UK-based participants may own Incentive Shares indirectly through a shareholding in a Swedish limited liability company established for the purpose of LTIP 2024 (the "Participation Company"). All, some or none of the Incentive Shares will be reclassified into Kinnevik Class B shares after the end of the plan depending on the fulfilment of the performance conditions. In the event of extremely high value creation, the monetary outcome for each participant is subject to a predetermined cap, defined below. Reclassification also requires that the participant has remained employed by Kinnevik over a three-year vesting period.

Participants in LTIP 2024

All employees in Kinnevik, approximately 45 individuals, will be entitled to participate in LTIP 2024. The proposal includes the participation of 1-3 additional employees that may or may not be utilized.

The investment and employment conditions

Kinnevik employees are required to invest in Incentive Shares in order to participate in LTIP 2024. The number of Incentive Shares offered to a participant is based on the participant's competence and area of responsibility. For each acquired Incentive Share, the participant is allotted four Incentive Shares free of charge. Reclassification of the Incentive Shares requires that the participant is and remain employed by Kinnevik or the Kinnevik Group (being Kinnevik, Kinnevik Capital Ltd and any investee company so designated by the Board for the purposes of LTIP 2024) throughout a three-year vesting period ending after the disclosure of Kinnevik's interim financial report for the period January – March 2027 (the "Vesting Period").

The performance conditions

The number of Incentive Shares that may be reclassified into Kinnevik Class B shares is determined by two performance-based conditions measured over the period 1 April 2024 – 31 March 2029 (the "Measurement Period").

- **TSR Incentive Shares:** Kinnevik's average annual total shareholder return (TSR) on the Class B share amounting to 12 percent as entry level and 25 percent as stretch target, calculated excluding the value of the extraordinary cash value transfer of approximately SEK 6.4bn proposed to the 2024 Annual General Meeting.
- **NAV Incentive Shares:** Kinnevik's average annual net asset value development (NAV) (adjusted for any value transfers to shareholders and repurchases of own shares) amounting to 12 percent as entry level and 25 percent as stretch target, calculated excluding the value of the extraordinary cash value transfer of approximately SEK 6.4bn proposed to the 2024 Annual General Meeting.

If the entry level is reached, 25 percent of the Incentive Shares in the relevant series will be reclassified into Class B shares. If the stretch target is reached, all Incentive Shares in the relevant series will be reclassified. In between the entry level and stretch target, between 25-100 percent of the Incentive Shares in the relevant series will be reclassified on a linear basis. Incentive Shares that are not reclassified into Class B shares will be redeemed by Kinnevik after the Measurement Period without consideration.

See Appendix 2024/2029 to the Articles of Association for more information regarding the performance-based conditions.

Allotment of Incentive Shares and potential outcomes

In total, LTIP 2024 encompasses participants acquiring up to 534,222 Incentive Shares and being allotted free of charge up to 2,136,888 Incentive Shares, that may be reclassified into Kinnevik Class B shares after the end of the Measurement Period.

Participants will be compensated for dividends and other value transfers to shareholders during the Measurement Period. This ensures that participants share the economic incentives of shareholders, in particular those of shareholders who elect to reinvest all dividends and value transfers back into Kinnevik shares. The compensation is made in accordance with Swedish market practice for dividend adjustments in incentive plans. As such, dividend compensation will only be paid if and to the extent the conditions for reclassification of Incentive Shares have been fulfilled. Dividend compensation will primarily

be paid with additional Class B shares, by reclassifying additional Incentive Shares according to the Articles of Association and/or transferring newly issued Class B shares. In order to simplify LTIP 2024 and solely measure the remaining asset base following the proposed extraordinary cash value transfer by way of a share redemption plan, this value transfer will be excluded from the performance measurement and no dividend compensation will be accruing on the Incentive Shares as a result thereof.

The monetary outcome of LTIP 2024 is subject to a maximum cap. The total value of an Incentive Share including any dividend compensation may not exceed SEK 254.15 after the end of the Measurement Period (corresponding to 3.05 times the average closing price for Kinnevik's Class B share during January – March 2024 adjusted for the proposed extraordinary cash value transfer of approximately SEK 6.4bn) (the "Cap"). To the extent the value exceeds the Cap, the dividend compensation and/or the number of Incentive Shares to be reclassified will be reduced accordingly.

The allotment and potential outcomes for the tiers of participants in LTIP 2024 at various levels of performance are laid out in the tables below. The maximum number of Incentive Shares that can be reclassified in 2029 amounts to 2,671,110 and the maximum monetary outcome that is awarded participants in 2029, presuming Kinnevik creating SEK 48,119m in shareholder value, amounts to SEK 678.9m (2,671,110 Incentive Shares at the SEK 254.15 per share Cap).

Information on the fulfilment of the performance-based conditions of LTIP 2024 will be presented in Kinnevik's Annual Reports throughout and after the end of the Measurement Period.

Terms and conditions for LTIP 2024 according to the proposed Articles of Association and agreements with the participants

The Incentive Shares are governed by the proposed Articles of Association set out under item 23(b) and by agreements entered into between Kinnevik and the participants prior to the start of LTIP 2024. The substantive terms of the agreements with the participants are in all material respects identical regardless of whether the Incentive Shares are owned directly by the participant or indirectly through the Participation Company.

The main terms and conditions for LTIP 2024 according to the proposed Articles of Association and agreements with the participants are the following:

- Incentive Shares will be transferred to the participants prior to the 2025 Annual General Meeting at a price corresponding to SEK 19.95 per TSR Incentive Share and SEK 11.76 per NAV Incentive Share. The Incentive Shares transferred to the participants in accordance with the preceding sentence are of Class C1 2024 and Class D1 2024, respectively. For each acquired Incentive Share, the participant is allotted four Incentive Shares of Class C2 2024 or Class D2 2024, free of charge.
- If and to the extent the performance-based condition for reclassification of an Incentive Share has been fulfilled, it will be reclassified after the Measurement Period. Upon reclassification, one (1) Incentive Share will be reclassified to one (1) Kinnevik Class B share. After reclassification of the Incentive Shares held by the Participation Company to Kinnevik Class B shares, one (1) Participation Company share held by the participants will be redeemed for one (1) Kinnevik Class B (plus any dividend compensation paid on the underlying Incentive Share), in accordance with the provisions of the Participation Company's Articles of Association.
- To the extent that the performance-based condition for reclassification of an Incentive Share has *not* been fulfilled, the Incentive Share will be redeemed by Kinnevik after the Measurement Period. In addition, the Board has the right to redeem an Incentive Share at any time if (i) redemption is requested by the participant *or* (ii) the Incentive Share, *or* the Participation Company share as the case may be, is transferred from the participant to a new owner (subject to the Kinnevik's repurchase and transfers of own shares and acquisitions of and transfer to a subsidiary of Kinnevik).
- The agreements with the participants include a mandatory and irrevocable request from the respective participant to redeem the Incentive Shares or portion of Incentive Shares through the Participation Company (all or a portion as the case may be) if (a) the participant ceases to be employed by Kinnevik, or the Kinnevik Group, subject to certain exceptions, during the Vesting Period, *or* (b) the participant transfers, sells, pledges, lends or otherwise disposes of the Incentive Shares, or the Participation Company shares as the case may be, including by way of transfer of the Incentive Shares into an insurance policy (Sw. *kapitalförsäkring*) or a custody account so that the participant's ownership of any and all of his or her Incentive Shares is not apparent from a transcript of Euroclear Sweden AB's public register of shareholders (Sw. *aktiebok*) or public nominee register (Sw. *förvaltarförteckning*), at any time prior to reclassification, *or* (c) the total value of an Incentive Share including any dividend compensation exceeds the Cap at the end of the Measurement Period, *or* (d) in case a redemption is necessary to ensure that LTIP 2024 is compliant with laws and regulations, *or*, in respect of Incentive Shares of Class C2 2024 and Class D2 2024, (e) in the event Kinnevik has legal grounds to terminate the participant's employment contract with immediate effect prior to reclassification.
- Upon redemption of Incentive Shares from the Participation Company, the corresponding Participation Company shares will be redeemed from the participant in accordance with the provisions of the Participation Company's Articles of Association. The Incentive Shares of Class C1 2024 and Class D1 2024 will be redeemed at the lower of the acquisition price and the fair market value at the time of the redemption if item (a) above applies. Otherwise, the Incentive Shares will be redeemed without any refund to the participant or the Participation Company.
- Participants will be compensated for dividends and other value transfers to shareholders during the Measurement Period. This ensures that participants share the economic incentives of shareholders, in particular those of shareholders who elect to reinvest all dividends and value transfers back into Kinnevik shares. This compensation is made in accordance with Swedish market practice for dividend adjustments in incentive plans. As such, dividend compensation will only be paid if and to the extent the conditions for reclassification of Incentive Shares have been fulfilled. Dividend compensation will primarily be paid with additional Kinnevik Class B shares, by reclassifying

additional Incentive Shares according to the Articles of Association and/or transferring newly issued Class B shares.

- The monetary outcome of LTIP 2024 is subject to the Cap entailing that the total value of an Incentive Share including any dividend compensation may not exceed SEK 254.15 after the end of the Measurement Period (corresponding to 3.05 times the average closing price for Kinnevik's Class B share during January – March 2024 adjusted for the proposed extraordinary cash value transfer of approximately SEK 6.4bn). To the extent the value exceeds the Cap, the dividend compensation and/or the number of Incentive Shares to be reclassified will be reduced accordingly.

Delivery of Incentive Shares and shares of Class B to the participants in LTIP 2024

For delivery of the Incentive Shares to the participants, the Board proposes that the Board is authorised to resolve on a directed issue of Incentive Shares, and to immediately following the issue repurchase such Incentive Shares, in accordance with items 23(c)-(d). The repurchased Incentive Shares will thereafter be transferred to the participants and the Participation Company, in accordance with the Annual General Meeting's resolution under item 23(e). The Board also proposes that Participation Company shares are transferred to the UK participants as well as that the Participation Company may transfer Incentive Shares to the UK participants should the circumstances for direct holding of Incentive Shares in the UK change during the term of the plan, in accordance with the Annual General Meeting's resolution under item 23(e).

Costs, dilution and effects on key ratios

An independent valuation institute (PwC) has valued the Incentive Shares using a Monte Carlo simulation. Based on the closing price for Kinnevik's Class B share on 23 April 2024 (SEK 121.05, or SEK 98.05 adjusted for the proposed extraordinary cash value transfer of approximately SEK 6.4bn), the fair market value per Incentive Share has been estimated to amount to SEK 19.95 for the TSR Incentive Shares and SEK 11.76 for the NAV Incentive Shares. The Participation Company shares are assumed to have the same value as the Incentive Shares of the respective classes to which they correspond. The total fair market value of the Incentive Shares transferred free-of-charge to participants is estimated to amount to SEK 33.9m. This sum, together with related social security costs will be accounted for over 2024 through 2027.

Kinnevik will grant a cash subsidy to the participants in LTIP 2024 to compensate for the tax effects arising due to the facts that some of the Incentive Shares, or the Participation Company shares as the case may be, are transferred to the participants free-of-charge and that the price to be paid for the Incentive Shares or the Participation Company shares acquired by the participants may deviate from the fair market value at the time of transfer. The cash subsidy will correspond to, and cover, the tax impact for the participant and will be paid directly to the relevant tax authority after the Incentive Shares, or the Participation Company shares as the case may be, have been transferred to the participants.

Based on the assumption of 70 percent participation in LTIP 2024 (i.e. 1,869,777 Incentive Shares) and a total fair market value of the corresponding free-of-charge Incentive Shares of SEK 23.7m, the total cost for Kinnevik would amount to SEK 62.3m including social security costs. SEK 29.5m, relating to the fair market value of the free-of-charge Incentive Shares together with related social security costs, would be accounted for over 2024 through 2027. SEK 32.8m, relating to the cash subsidy and related social security costs, would be accounted for in its entirety in 2024. In case of full participation, the total cost would amount to SEK 89.0m, of which SEK 33.9m in a notional accounting cost reflecting the potential dilution of LTIP 2024.

The estimated costs above assume a social security tax rate of 31.42 percent in Sweden and 14.3 percent in the UK. The actual cost for Kinnevik will be based on the prevailing share price of Kinnevik's Class B share and other market conditions in connection with the transfer of the Incentive Shares and Participation Company shares. Therefore, Kinnevik's costs may deviate from the estimates set out above.

Reclassification of Incentive Shares at the end of LTIP 2024 does not result in any costs for Kinnevik, and any capital gains or dividend taxes due are borne solely by the participants.

The maximum dilution due to LTIP 2024 is 0.9 percent in terms of shares outstanding (i.e. total number of issued shares), 0.5 percent in terms of votes, and 0.4 percent in terms of total accounting costs for LTIP 2024 (as defined and specified above) in relation to Kinnevik's average market capitalisation during 1 January - 31 March 2024 less the proposed extraordinary cash value transfer of approximately SEK 6.4bn. The number of Incentive Shares, and hence also the number of Participation Company shares, may change during the Measurement Period due to intervening bonus issues, reverse splits, splits, rights issues and/or other similar events. Additional dilution may also be incurred due to any potential dividend compensation payments in the form of new Kinnevik Class B shares. According to the agreements with the participants, all

participants must act towards ensuring that all shareholders in Kinnevik are treated equal in case of changes to Kinnevik's share structure or capital structure.

The costs and dilution are expected to have a marginal effect on Kinnevik's key ratios. Further, the costs in relation to the establishment and administration of the Participation Company are limited to administrative costs.

Preparation of the proposal

The People & Remuneration Committee has prepared LTIP 2024 in consultation with external advisors. In addition, LTIP 2024 has been reviewed by the full Board. The People & Remuneration Committee has been responsible for the preparation of the detailed terms and conditions that shall apply between Kinnevik and the participant.

APPENDIX 8(B)

Amendments to the Articles of Association (item 23(b))

In order to implement LTIP 2024 and enable the issue of Incentive Shares in accordance with the resolutions proposed under items 23(a) and (c)-(e), respectively, the Board proposes that provision 4 in the Articles of Association is restated and amended with the introduction of four new share classes of reclassifiable, sub-ordinated incentive shares of Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 in accordance with the following:

§ 4

Share capital

The share capital shall be not less than SEK 23,700,000 and not more than SEK 94,800,000.

Number of shares

The number of shares shall be not less than 237,000,000 and not more than 948,000,000.

Share classes

The shares shall be of three classes of ordinary shares of Class A, Class B and Class X, and eleven classes of reclassifiable, sub-ordinated shares of Class D 2020, Class C 2021, Class D 2021, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024. The reclassifiable share classes are together referred to as the "Reclassifiable Share Classes" and a specific class of reclassifiable shares is referred to as a "Reclassifiable Share Class", and the reclassifiable shares (of all classes) are referred to as the "Reclassifiable Shares".

Shares of Class A may be issued to a maximum number of 224,593,800 and shares of Class B may be issued up to a maximum number of shares that represents the full share capital. Shares of Class X may be issued up to a maximum number of 2,000,000. The maximum number of shares that may be issued in each of the Reclassifiable Share Classes are: 800,160 shares of Class D 2020, 426,775 shares of Class C 2021, 426,775 shares of Class D 2021, 606,225 shares of Class C 2022, 606,225 shares of Class D 2022, 1,005,111 shares of Class C 2023, 1,005,111 shares of Class D 2023, 267,111 shares of Class C1 2024, 1,068,444 shares of Class C2 2024, 267,111 shares of Class D1 2024 and 1,068,444 shares of Class D2 2024.

Voting rights

Shares of Class A shall have ten (10) votes and shares of Class B, Class X and shares of the Reclassifiable Share Classes shall have one (1) vote.

Dividends etc.

Shares of Class A and Class B are entitled to dividends.

Shares of Class X do not entitle to dividends. Upon the Company's liquidation, Class X shares carry equivalent right to the Company's assets as other shares, however not to an amount exceeding the quota value of the share.

Shares of a Reclassifiable Shares Class are not entitled to payment of dividends during the period April in the calendar year shares in such class first were issued (the "Initial Issue") to March (inclusive) five years after the year of the Initial Issue as regards Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024. Reclassifiable Shares of Class C 2021 and Class D 2021 are not entitled to payment of dividends during the period October 2021 to September 2026 (inclusive).

The Reclassifiable Shares are instead entitled to payment of an accumulated, outstanding, dividend (per share) (the "Outstanding Amount") five years after the year of the Initial Issue.

The Outstanding Amount corresponds to the dividend (per share) paid to the holders of Class B shares (paid dividends and other value transfers to the shareholders) (the "Paid Dividends") during the period April the year of the Initial Issue to March (inclusive) five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023 and Class D 2023, during the period October 2021 to September 2026 (inclusive) as regards the Reclassifiable Shares of Class C 2021 and Class D 2021, and during the period September 2024 to March 2029 (inclusive) as regards the Reclassifiable Shares of Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024.

When calculating the Outstanding Amount, Paid Dividends shall be adjusted upwards with a multiple corresponding to the total shareholder return to the holders of Class B shares (the "TSR Multiple") from the ex-dividend date the year of the Initial Issue to March (inclusive) five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and to September 2026 (inclusive) as regards the

Reclassifiable Shares of Class C 2021 and Class D 2021.

The Outstanding Amount the year of the Initial Issue shall accordingly be calculated in accordance with the following:

*Paid Dividend the year of the Initial Issue * the TSR Multiple during the year of the Initial Issue and the five following years*

The Outstanding Amount for the following years shall be calculated in accordance with the same formulae, adjusted forward by one year.

The total shareholder return of the Kinnevik Class B share shall be calculated by dividing the closing price for Kinnevik's Class B shares on the last trading day in March of the relevant year (the end value) with the closing price for Kinnevik's Class B shares on the ex-dividend date of the relevant year (the start value), adjusted on the basis of the shareholder reinvesting Paid Dividends, before tax, on each respective ex-dividend date. As for Reclassifiable Shares of Class C 2021 and Class D 2021, the "end value" shall instead be based on the average closing price for Kinnevik's Class B share during September 2026. As for Reclassifiable Shares with Initial Issue 2022 or later, the "end value" shall instead be based on the average closing price for Kinnevik's Class B share during the period 1 January – 31 March the relevant year.

Payment of the Outstanding Amount to the Reclassifiable Shares require that the General Meeting resolves on a dividend (per share) to the shares in that Reclassifiable Share Class corresponding to the Outstanding Amount. As for Reclassifiable Shares with Initial Issue 2023 or later, a deduction shall be made from the total Outstanding Amount of all of the shares in the relevant Reclassifiable Share Class with the total value of the Dividend Compensation Reclassification (defined below) resolved by the Board, if such resolution is to be made the relevant year, and the dividend (per share) of the Outstanding Amount shall be recalculated accordingly.

The Reclassifiable Shares' right to the payment of dividends corresponding to the Outstanding Amount shall be subordinated to the shares of Class A and Class B, meaning that payment of the Outstanding Amount to holders of Reclassifiable Shares will only be made if there is an available amount after dividend payment to holders of Class A and Class B shares.

The Reclassifiable Shares will entitle the same right to dividends as Class A and Class B shares as of 1 April five years after year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and as of 1 October 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

The record dates for payments of the Outstanding Amount as well as other dividends to a Reclassifiable Share Class may not be set to a day that occur prior to the Board's resolution that year to redeem shares of the Reclassifiable Share Classes for which the condition for reclassification has not been fulfilled and such resolution is due the relevant year. As for Reclassifiable Shares with Initial Issue 2023 or later, the record dates for payments of the Outstanding Amount as well as other dividends to the relevant Reclassifiable Share Class may further not be set to a day that occur prior to the Board's resolution that year on a Dividend Compensation Reclassification, if such resolution is to be made the relevant year.

Upon the Company's liquidation the Reclassifiable Shares have a right to assets in the distribution as of 1 April five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and as of 1 October 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

Reclassifiable Shares have a right to assets in the distribution only to the extent that the condition for reclassification for such Reclassifiable Shares, respectively, has been fulfilled, as set out below.

Reclassification of Class X shares

Upon decision by the Board, Class X shares shall be reclassified into Class B shares, provided that the shares are held by the Company. Immediately after a decision to reclassify Class X shares, the Board shall report the reclassification to the Swedish Companies Registration Office (Sw. *Bolagsverket*) for registration. The reclassification is effectuated when it has been registered and the reclassification has been noted in the Central Securities Depository ("CSD") register.

Reclassification of Reclassifiable Shares

The Reclassifiable Shares may, by a resolution by the Board, be reclassified into Class B shares. The number of shares in a Reclassifiable Share Class which shall be reclassified into Class B shares shall be based on the degree of fulfilment of the relevant condition for reclassification in that Reclassifiable Share Class during the measurement periods. The measurement periods are 1 April the year of the Initial Issue to 31 March five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and 1 October 2021 to 30 September 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

A resolution by the Board to reclassify the shares in a Reclassifiable Share Class shall be made during the period 1 July – 30 September the year the measurement period for the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 ended, and during the period 1 January 2027 – 31 March 2027 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

The conditions that must be fulfilled for reclassification of shares of Class D 2020 are set forth in [Appendix 2020/2025](#).

The conditions that must be fulfilled for reclassification of shares of Class C 2021 and Class D 2021 are set forth in [Appendix 2021/2026](#).

The conditions that must be fulfilled for reclassification of shares of Class C 2022 and Class D 2022 are set forth in [Appendix 2022/2027](#).

The conditions that must be fulfilled for reclassification of shares of Class C 2023 and Class D 2023 are set forth in [Appendix 2023/2028](#).

The conditions that must be fulfilled for reclassification of shares of Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 are set forth in [Appendix 2024/2029](#).

Reclassifiable Shares with Initial Issue 2023 or later, may also, by a resolution by the Board, be reclassified into Class B shares during the period 1 April – 31 May the year the measurement period for the relevant Reclassifiable Share Class ended, but prior to the Board's resolution the relevant year to redeem shares of the relevant Reclassifiable Share Class for which the condition for reclassification has not been fulfilled and such resolution is due the relevant year. Such a resolution on reclassification may not comprise more than the number of Reclassifiable Shares in the relevant Reclassifiable Share Class for which the condition for reclassification (see above, Appendix 2023/2028 and Appendix 2024/2029) has not been fulfilled, and the new Class B shares as a result of the reclassification may not have a value exceeding the total Outstanding Amount in the relevant Reclassifiable Share Class, whereby the value per Class B share shall correspond to the volume-weighted average price of Kinnevik's Class B share during March the relevant year ("Dividend Compensation Reclassification").

If the Board resolves to reclassify a certain number or a certain portion of the shares in a Reclassifiable Share Class, the shareholders are entitled to have their shares of a Reclassifiable Share Class reclassified to new Class B shares in proportion to the number of shares in the relevant Reclassifiable Share Class already held, or, to the extent that this is not possible, by lot.

Immediately after a decision to reclassify shares in a Reclassifiable Share Class, the Board shall report the reclassification to the Swedish Companies Registration Office (Sw. *Bolagsverket*) for registration. The reclassification is effectuated when it has been registered and the reclassification has been noted in the CSD register.

A resolution by the Board to redeem shares shall be resolved no later than three months (i) after a request from a shareholder, or (ii) after a transfer of such share, subject to the Company's repurchase and transfers of own shares and acquisitions of and transfer to a subsidiary of Kinnevik, (a transfer is deemed to have taken place

on the date that the transfer is noted in a CSD register in accordance with Chapter 4 in the Swedish Central Securities Depositories and Financial Instruments Accounts Act (1998:1479), that is, in the share or nominee register kept by Euroclear Sweden AB (a "Transcript") and shall refer to the shares encompassed by the request and/or the shares which have been transferred).

Such resolution by the Board shall be made no later than 30 June the year the measurement period for the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 ended, and no later than 31 December 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

APPENDIX 8(C)

Authorisation for the Board to resolve to issue new incentive shares (item 23(c))

The Board proposes that, during the period up to and including 31 December 2024, the Board shall be authorised to resolve on a directed issue of Incentive Shares, conditional upon the Annual General Meeting resolving to amend the Articles of Association in accordance with item 23(b).

- The issue of new Incentive Shares will increase Kinnevik's share capital by no more than SEK 267,111 through the issue of no more than 2,671,110 new Incentive Shares, whereof no more than 267,111 will be shares of Class C1 2024, no more than 1,068,444 will be shares of Class C2 2024, no more than 267,111 will be shares of Class D1 2024, and no more than 1,068,444 will be shares of Class D2 2024.
- The subscription price for each new Incentive Share is SEK 0.10 (i.e. the quota value).
- Svenska Handelsbanken AB (publ) shall be entitled to subscribe for the new Incentive Shares.
- The subscription for the Incentive Shares shall be made by cash payment.
- The reason for the proposed deviation from the shareholders' preferential rights, and the basis for setting the subscription price to SEK 0.10 (the quota value), is that the new issue of the Incentive Shares will be an integral part of the implementation of LTIP 2024, as Handelsbanken will re-sell the Incentive Shares to Kinnevik to be transferred to the participants and the Participation Company in accordance with items 23(d)-(e).

APPENDIX 8(D)

Authorisation for the Board to resolve to repurchase own incentive shares (item 23(d))

The Board proposes that, on one or more occasions during the period until the next Annual General Meeting, the Board shall be authorised to resolve to repurchase own incentive shares of Class C 2021, Class D 2021, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024. Repurchase may only be effected through an offer directed to all holders of the respective share class. Repurchase of incentive shares of Class C 2021, Class D 2021, Class C 2022, Class D 2022, Class C 2023 and Class D 2023 may be effected at a purchase price corresponding to not less than SEK 0.10 and not more than the market value per Incentive Share at the time of repurchase. The valuation shall be made by an independent valuation institute (PwC) using a Monte Carlo simulation and be based on the prevailing share price of Kinnevik's Class B share at the time of repurchase. Repurchase of Incentive Shares of Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 may be effected at a purchase price corresponding to not less than SEK 0.10 and not more than SEK 0.35. Payment for the repurchased Incentive Shares shall be made in cash. The reason for Kinnevik to repurchase the Incentive Shares is to transfer such shares to the participants in LTIP 2024 and to the Participation Company in order to enable participation in LTIP 2024 for employees in the UK, but repurchases may also be effected in order to enable Kinnevik to repurchase incentive shares during the term of the outstanding plans as set out in the terms of Kinnevik's long-term share incentive plans for 2021-2023.

APPENDIX 8(E)

Transfers of own incentive shares and shares in a participation company established for the purpose of the plan (item 23(e))

The Board proposes that a total of up to 1,574,670 Incentive Shares shall be transferred to participants employed in Sweden in accordance with the distribution set out under item 23(a), whereof up to 157,467 Incentive Shares of Class C1 2024 and 157,467 Incentive Shares of Class D1 2024 shall be transferred to the participants at a price of SEK 19.95 per Incentive Share of Class C1 2024 and SEK 11.76 per Incentive Share of Class D1 2024, and up to 629,868 Incentive Shares of Class C2 2024 and 629,868 Incentive Shares of Class D2 2024 shall be transferred free of charge. Shares of Class A and Class B are entitled to dividends.

Shares of Class X do not entitle to dividends. Upon the Company's liquidation, Class X shares carry equivalent right to the Company's assets as other shares, however not to an amount exceeding the quota value of the share.

Shares of a Reclassifiable Shares Class are not entitled to payment of dividends during the period April in the calendar year shares in such class first were issued (the "Initial Issue") to March (inclusive) five years after the year of the Initial Issue as regards Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024. Reclassifiable Shares of Class C 2021 and Class D 2021 are not entitled to payment of dividends during the period October 2021 to September 2026 (inclusive).

The Reclassifiable Shares are instead entitled to payment of an accumulated, outstanding, dividend (per share) (the "Outstanding Amount") five years after the year of the Initial Issue.

The Outstanding Amount corresponds to the dividend (per share) paid to the holders of Class B shares (paid dividends and other value transfers to the shareholders) (the "Paid Dividends") during the period April the year of the Initial Issue to March (inclusive) five years after the year of the Initial Issue as regards the Reclassifiable

Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023 and Class D 2023, during the period October 2021 to September 2026 (inclusive) as regards the Reclassifiable Shares of Class C 2021 and Class D 2021, and during the period September 2024 to March 2029 (inclusive) as regards the Reclassifiable Shares of Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024.

When calculating the Outstanding Amount, Paid Dividends shall be adjusted upwards with a multiple corresponding to the total shareholder return to the holders of Class B shares (the "TSR Multiple") from the ex-dividend date the year of the Initial Issue to March (inclusive) five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and to September 2026 (inclusive) as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

The Outstanding Amount the year of the Initial Issue shall accordingly be calculated in accordance with the following:

*Paid Dividend the year of the Initial Issue * the TSR Multiple during the year of the Initial Issue and the five following years*

The Outstanding Amount for the following years shall be calculated in accordance with the same formulae, adjusted forward by one year.

The total shareholder return of the Kinnevik Class B share shall be calculated by dividing the closing price for Kinnevik's Class B shares on the last trading day in March of the relevant year (the end value) with the closing price for Kinnevik's Class B shares on the ex-dividend date of the relevant year (the start value), adjusted on the basis of the shareholder reinvesting Paid Dividends, before tax, on each respective ex-dividend date. As for Reclassifiable Shares of Class C 2021 and Class D 2021, the "end value" shall instead be based on the average closing price for Kinnevik's Class B share during September 2026. As for Reclassifiable Shares with Initial Issue 2022 or later, the "end value" shall instead be based on the average closing price for Kinnevik's Class B share during the period 1 January – 31 March the relevant year.

Payment of the Outstanding Amount to the Reclassifiable Shares require that the General Meeting resolves on a dividend (per share) to the shares in that Reclassifiable Share Class corresponding to the Outstanding Amount. As for Reclassifiable Shares with Initial Issue 2023 or later, a deduction shall be made from the total Outstanding Amount of all of the shares in the relevant Reclassifiable Share Class with the total value of the Dividend Compensation Reclassification (defined below) resolved by the Board, if such resolution is to be made the relevant year, and the dividend (per share) of the Outstanding Amount shall be recalculated accordingly.

The Reclassifiable Shares' right to the payment of dividends corresponding to the Outstanding Amount shall be subordinated to the shares of Class A and Class B, meaning that payment of the Outstanding Amount to holders of Reclassifiable Shares will only be made if there is an available amount after dividend payment to holders of Class A and Class B shares.

The Reclassifiable Shares will entitle the same right to dividends as Class A and Class B shares as of 1 April five years after year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and as of 1 October 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

The record dates for payments of the Outstanding Amount as well as other dividends to a Reclassifiable Share Class may not be set to a day that occur prior to the Board's resolution that year to redeem shares of the Reclassifiable Share Classes for which the condition for reclassification has not been fulfilled and such resolution is due the relevant year. As for Reclassifiable Shares with Initial Issue 2023 or later, the record dates for payments of the Outstanding Amount as well as other dividends to the relevant Reclassifiable Share Class may further not be set to a day that occur prior to the Board's resolution that year on a Dividend Compensation Reclassification, if such resolution is to be made the relevant year.

Upon the Company's liquidation the Reclassifiable Shares have a right to assets in the distribution as of 1 April five years after the year of the Initial Issue as regards the Reclassifiable Shares of Class D 2020, Class C 2022, Class D 2022, Class C 2023, Class D 2023, Class C1 2024, Class C2 2024, Class D1 2024 and Class D2 2024 and as of 1 October 2026 as regards the Reclassifiable Shares of Class C 2021 and Class D 2021.

Reclassifiable Shares have a right to assets in the distribution only to the extent that the condition for reclassification for such Reclassifiable Shares, respectively, has been fulfilled, as set out below.

Reclassification of Class X shares

Upon decision by the Board, Class X shares shall be reclassified into Class B shares, provided that the shares are held by the Company. The reclassification is effectuated when it has been registered and the reclassification has been noted in the Central

If the Board resolves to reclassify a certain number or a certain portion of the shares in a Reclassifiable Share Class, the shareholders are entitled to have their shares of a Reclassifiable Share Class reclassified to new Class B shares in proportion to the number of shares in the relevant Reclassifiable Share Class already held, or, to the extent that this is not possible, by lot.

corresponding to the quota value, shall be allocated as unrestricted equity and an amount corresponding to the reduction amount shall be allocated to statutory reserves. Shares of Class C1 2024 and Class D1 2024 which are redeemed after a request from a shareholder in accordance with item (i) below during the period until the disclosure of Kinnevik's interim financial report for the period January – March 2027 may however, at the shareholder's request, be redeemed at an amount corresponding to the lower of (a) SEK 19.95 for the shares of Class C1 2024 and SEK 11.76 for the shares of Class D1 2024, or (b) the fair market value at the time of the Board's resolution calculated by an independent valuation institute using a Monte Carlo simulation.

Should the Company resolve on an issue of warrants or convertibles, against other payment than contribution in kind, the above stated regarding the shareholders' preferential rights should apply *mutatis mutandis*.

Thereby, shares of a specific class entitles to new shares of the same class. Class X shares do not carry rights to participate in bonus issues. Following a requisite amendment in the Articles of Association, the aforementioned stipulation shall not infringe on the possibility to issue shares of a new class by a bonus issue.

§ 6

§ 7

The Board may collect powers of attorney in accordance with the procedure described in Chapter 7, section 4, second paragraph of the Companies Act (2005:551).

APPENDIX 10(A)

Authorisation for the Board to resolve to issue new Class X shares (item 24(a))

The Board proposes that, during the period until the next Annual General Meeting, the Board shall be authorised to resolve on a directed issue of Class X shares.

- The issue of new shares of Class X will increase Kinnevik's share capital by no more than SEK 100,000 through the issue of no more than 1,000,000 new Class X shares.

The repurchase may be effected at a purchase price corresponding to not less than SEK 0.10 and not more than SEK 0.35. Payment for the repurchased Class X shares shall be made in cash. The reason for Kinnevik to repurchase the Class X shares is to, following reclassification to Class B shares and resolutions by future General Meetings, transfer such shares to the participants in Kinnevik's long-term incentive plans.
